Vision:

Core purpose: "To provide a platform for Knowledge creation & sharing for continuous sustainable societal growth."

Core Values: Passion for creating knowledge based society, Engaging Beneficiaries, Working Together, Transparency

Envisioned Future:

Build Lucknow as a World Class Knowledge Economy Centre.

Knowledge would be the primary growth engine of our economy and building competence for the sustainable growth of the country.

Lucknow would become competitive destination for knowledge based industries like Information and Communication Technologies, Biotech and Agribusiness etc

Mission:

- To promote development of Knowledge based economy: Information and communication technology industries; Biotech and Agribusiness industries supported by R&D community,
- To facilitate Knowledge development and enhancement through social and technical networking of professionals, specialized forums and interactions with other world class knowledge economic centres.
- To enable self-development and performance enhancement of individual members, through training programs and networking with fellow knowledge workers.
- To facilitate small, medium, family enterprises and institutional members in synergizing their activities with other professional associations and providing mentoring services.
- To initiate Entrepreneurship and Employable workforce development programs through Industry-Academia Forum.

Objectives: A society registered under Societies Act, not for profit, Charitable (educational) organization

- Bringing together like-minded knowledgeable professionals and promote networking among such workers for knowledge stimulation. Knowledge may be processed by professionals, through experience, to improve their wisdom level
- The Association will undertake activities to enhance performance of knowledge workers, e.g. to act as facilitator for research by corporate executives, patents registration, publication of research studies in journals of repute etc, motivate to highly qualified and trained house wives, senior citizens to actualize their potential, by serving from their homes, through computer network
- Creation, upgradation and maintenance of a web site for dissemination of knowledge including health and happiness, technical know how, emerging technologies
- To provide capacity building of human resources, with focus on fresh professional graduates and serving young professionals
- Facilitate to internalize the knowledge of information and relate it to experiential wisdom
 - To organize joint venture programs with Indian Industries Association. LMA, CSIR, and other likeminded organizations

Working Groups of AKWL:

1. ICT/ ITeS group: To conduct programs to facilitate development of ICT industry at Lucknow/UP
2. Bio Sciences and Agribusiness group
3. Learning and Development: To facilitate creation of Employable Workforce including entrepreneurship for knowledge-based industries.

c. Health and Happiness group
