A holy man was having a conversation with the Lord one day & said

'Lord, I would like to know what Heaven & Hell are like.' The Lord led the holy man to two doors. He opened one of the doors & the holy man looked in.

In the middle of the room was a large round table. In the middle of the table was a large pot of stew, which smelled delicious & made the holy man's mouth water. The people sitting around the table were thin & sickly. They appeared to be famished. They were holding spoons with very long handles that were strapped to their arms & each found it possible to reach into the pot of stew & take a spoonful. But because the handle was longer than their arms, they could not get the spoons back into their mouths. The holy man shuddered at the sight of their misery & suffering. **The Lord said,** '**You have seen Hell.**'

They went to the next room & opened the door. It was exactly the same as the first one. There was the large round table with the large pot of stew which made the holy man's mouth water. The people were equipped with the same long-handled spoons, but here the people were well nourished & plump, laughing & Talking. The holy man said, 'I don't understand.' 'It is simple,' said the Lord. 'It requires but one skill. You see, they have learned to feed each other, while the greedy think only of themselves.'

**When Jesus died on the cross,** he was thinking of you. If you are one of the 7% who will stand up for Him, forward this with the title '7%.93% of people won't forward this. I'm in the 7%

Story: Somebody once was having a big headache, so he asked another, 'I have got such a terrible headache, listening to all the speeches. What do I do?'

His friend said, 'You drink a bottle of alcohol, you will be alright.'

The man asked, 'How will the headache be cured by drinking alcohol?'

His friend said, 'Due to drinking alcohol, I lost my land, my job, and my wife left me. I lost everything. With alcohol, when I could lose everything, what is a headache in comparison? Why will you not lose your headache? Alcohol has such power, that it will take everything away from you.'
