

Enhancing performance  
and networking of  
knowledge workers

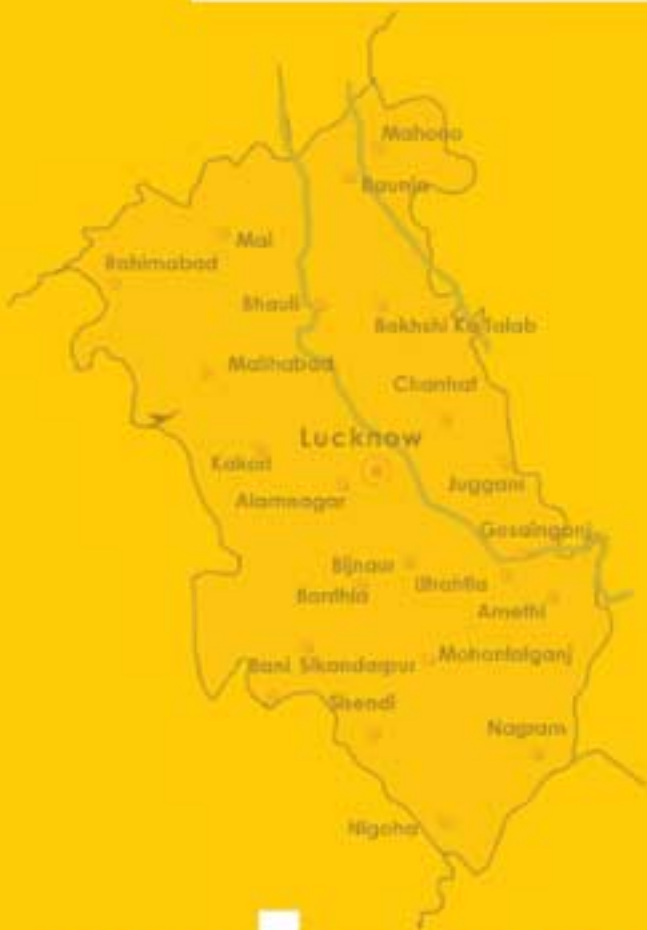

**Building Lucknow as a World Class Knowledge Economy Centre**  
**Association of knowledge workers, Lucknow**

Knowledge would be the primary growth engine of our economy and building competence for the sustainable growth of the country.

Lucknow would become competitive destination for knowledge based industries like Information and Communication Technologies, Biotech and Agribusiness.

### Synergizing with:

NHRD-N  
NASSCOM  
Biotech Park  
Computer Society of India  
Indian Industries Association  
Government of Uttar Pradesh  
Lucknow Management Association

# enhance performance

The AKWL was created by group of visionary and vibrant professionals to provide a platform for knowledge creation and sharing for continuous sustainable societal growth.

Today AKWL has members from diversified sectors of economy such as ICT, Manufacturing, Academia, Entrepreneurs, Bio Tech and Agribusiness.

### Working Groups:

- Information and Communication Technology Forum
- Biotech and Agribusiness Forum
- Industry and Academia Forum
